Plant Identification Decks

This handy 4" x 6" set, made up of 80 plant cards and 12 informational cards includes: a glossary of plant terminology; plants listed by both common and scientific names; a labeled set of illustrated plant parts; and bibliography. Cards can be written on with dry erase pen.

UF/IFAS SP 431

Aquatic Plant Identification Deck
UF/IFAS SM 050

This deck makes it easy to identify 72 aquatic and wetland plants commonly found in Florida's lakes, rivers, swamps and wetlands.

Grasses, Sedges & Rushes of Wetlands
UF/IFAS SP 255

Features 84 species of grasses, sedges and rushes; includes 11 non-native species and notes about use by wildlife such as ducks, cranes, geese, rabbits and deer.

Full color 3" X 4" laminated cards make it easy to identify or compare plants in the field. Both scientific and common names are indexed.

Educational DVDs About Florida's Freshwater Environments

These programs cover various aspects of aquatic and wetland plant science and management for both technical and general audiences.
