

Proceedings of the Grass Carp Symposium

**March 7-9, 1994
Gainesville, Florida**

Symposium Sponsors

**Florida Game and Fresh Water Fish Commission
Farris Bryant Building, 620 South Meridian Street,
Tallahassee, FL 32399-1600**

**Florida Department of Environmental Protection
2051 East Dirac Drive, Tallahassee, FL 32310**

**University of Florida, Institute of Food and
Agricultural Sciences, Center for Aquatic Plants
P.O. Box 110610, Gainesville, FL 32611-0610**

**Published by U. S. Army Corps of Engineers
Waterways Experiment Station
3909 Halls Ferry Road
Vicksburg, MS 39180-6199**

Agenda	v
Attendees	ix
Conversion Factors, Non-SI to SI Units of Measurement	xvi
Introduction	
by J. L. Decell	1
Why We Are Here	
by J. Ben Rowe	2
State Policies, Concerns, and Issues Relative to Use of the Grass Carp	5
Florida Game and Fresh Water Fish Commission Concerns Regarding the Use of Grass Carp by Duke Hammond	7
Louisiana Grass Carp Policies, Concerns, and Issues by Louie V. Richardson	9
South Carolina Grass Carp Policy by Steven J. de Kozlowski	11
Status of the Grass Carp Program in Texas by Philip P. Durocher	16
Description of Grass Carp Policy in Washington State by Scott Bonar	18
Virginia's Triploid Grass Carp Program by Ed Stinkoenig	19
Introductory Session	21
Radio-Tagging Studies with Grass Carp in Two Texas Reservoirs by Earl W. Chilton II and Steven M. Poarch	23
Grass Carp Reproduction in the Lower Trinity River, Texas by Mark A. Webb, Howard S. Elder, and Robert G. Howells	29
Movement of Triploid Grass Carp in Large Florida Lakes by David F. Clapp, Rue S. Hestand III, Boyd Z. Thompson, and Laurence L. Connor	33
An Overview of the Use and Efficacy of Triploid Grass Carp <i>Ctenopharyngodon idella</i> as a Biological Control of Aquatic Macrophytes in Oregon and Washington State Lakes by G. B. Pauley, G. L. Thomas, S. A. Bonar, J. D. Frodge, D. A. Marino, S. L. Thiesfeld, S. Vecht, K. L. Bowers, and H. Sehgal	46

Status of Insect Biocontrol Against Hydrilla and Eurasian Watermilfoil by Alfred F. Cofrancesco and Michael J. Grodowitz	55
Recapture and Removal Session	63
Removal of Triploid Grass Carp Using Fish Management Bait (FMB) by Craig T. Mallison, Rue S. Hestand III, and Boyd Z. Thompson	65
Public Angling as a Method of Triploid Grass Carp Removal by Craig T. Mallison, Arnold H. Lingle, Jr., Burce V. Jagers, and Lowery L. Trent	72
Acoustic Fish Barriers for Grass Carp by Mike Curtin	76
Stocking Models and Potential Impacts	81
An Empirical Approach to Predicting Grass Carp Stocking Rates by Scott Bonar, G. L. Thomas, and Gilbert B. Pauley	83
Simulation Model Evaluation of Sources of Variability in Grass Carp Stocking Requirements by R. Michael Stewart and William A. Boyd	85
Aquatic Vegetation and Water Quality in Lake Marion, South Carolina by Jeffrey W. Foltz and J. Philip Kirk	93
Florida Case Histories	109
Use of Grass Carp in Two Florida Lakes, 1975 to 1994 by Douglas E. Colle and Jerome V. Shireman	111
Effects of Grass Carp on the Aquatic Vegetation in Lake Conway, Florida by Andrew J. Leslie, Larry E. Nall, Gregory P. Jubinsky, and Jeffrey D. Schardt	121
Effects of Triploid Grass Carp and Sonar Treatments on Aquatic Plants in Lake Yale by Rue S. Hestand III, Boyd Z. Thompson, and Craig T. Mallison	129
Response of Fish Populations to Aquatic Plant Management in Lake Yale by Craig T. Mallison, Rue S. Hestand III, and Boyd Z. Thompson	136
Long-Term Use of Grass Carp for Aquatic Plant Control in Deer Point Lake, Bay County, Florida by Jess M. Van Dyke	146
Economic Considerations of Integrated Hydrilla Management—A Case History of Johns Lake, Florida by Bruce V. Jagers	151
Integrated Hydrilla Management Plan Utilizing Herbicides and Triploid Grass Carp in Lake Istokpoga by David Eggeman	164

Texas and South Carolina Case Histories	167
Lake Conroe Fisheries—Population Trends Following Macrophyte Removal by Mark A. Webb, Jeffrey C. Henson, and Michael S. Reed	169
Stocking Update and Vegetation Changes in Lake Marion, South Carolina by Steven J. de Kozlowski	186
Movements and Habitat Use of Triploid Grass Carp in Lake Marion, South Carolina by Jeffrey W. Foltz, J. Phillip Kirk, and K. Jack Killgore	188
Lake Guntersville Case Histories	197
Aquatic Vegetation in Guntersville Reservoir Following Grass Carp Stocking by David H. Webb, Larry N. Mangum, A. Leon Bates, and H. Douglas Murphy	199
Grass Carp Collection, Aging, and Growth in Large Water Bodies—A Status Report for 1992-1993 by James P. Kirk, James V. Morrow, Jr., and K. Jack Killgore	210
Grass Carp Herbivory at Guntersville Reservoir and Its Impact on Waterfowl—Preliminary Results by R. Joseph Benedict, Jr., S. Keith McKnight, and Gary R. Hepp	215
Grass Carp in Guntersville Reservoir: A Review of Fisheries Impact Assessments by W. B. Wrenn, M. J. Maceina, and D. R. Lowery	216
Orange and Lochloosa Lakes Case Histories	227
History of Hydrilla Control in Orange and Lochloosa Lakes by Joe Hinkle	229
Probable Grass Carp Stocking Scenarios by William T. Haller	236
Comments on the Symposium by David Brakhage	239
Summary Comments by J. L. Decell	241

Acknowledgments

This symposium was arranged and organized by the University of Florida, Institute of Food and Agricultural Sciences (IFAS), Center for Aquatic Plants. This publication was assembled, edited, printed, and distributed by the U.S. Army Corps of Engineers, Aquatic Plant Control Research Program. Funding was provided by the following:

Florida Game and Fresh Water Fish Commission

Florida Department of Environmental Protection

IFAS Center for Aquatic Plants

The efforts and contributions by these agencies and those attending from other organizations ensured the success and quality of this workshop and are hereby recognized with gratitude.

Dr. William T. Haller
University of Florida
