

Lakeville ~ Session 2 (UE/MS/HS)
Citizen Role Analysis Worksheet

Name: _____ Date: _____

As a citizen, you are an active part of your local freshwater ecosystem. This activity will help you identify what's important to your survival in your local habitat.

Instructions:

- Choose a **Citizen Role Card**.
- Write the name of the role in the box provided.
- Read the description and priorities of the citizen you've selected.
- Pretend you are that citizen and think of what you **want** in your ecosystem. (Things that are important to your survival.) List as many as you can.
- Think of what you **do not want** in your ecosystem. List as many as you can.

Role #1:

Want

Do Not Want

Role #2

Want

Do Not Want
