

Lakeville ~ A Natural Resource Management Game

Data Score Sheet

Name: _____ Class Period: _____ Date: _____

1. Write common and scientific name for each Organism in the spaces provided in the first column
2. Put an X to indicate whether the organism is aquatic or terrestrial; native, non-native, or invasive
3. Write the Citizen Role in the six spaces provided at the top. Evaluate each game to see how citizen decisions affect the inhabitants of an aquatic ecosystem

Organism – common name Organism– scientific name (Genus, species)	aquatic	terrestrial	native	non-native	invasive	Citizen Role	Citizen Role	Citizen Role	Citizen Role	Citizen Role	Citizen Role	TOTAL SCORE
<u>Organism 1</u>						score:	score:	score:	score:	score:	score:
